

SIMPLIFIED DEPLOYMENT

PRE-BUILT SYSTEM DESIGN TEMPLATES

Pre-built system design templates for all Xilica x Sennheiser Room Kits dramatically reduce installation time by eliminating the need for audio configuration and programming. Simply select the template to match the room kit, map the device IP addresses and download to the system using Xilica Designer.

FOLLOW ME CAMERA CAPABILITY

Streamlining training, deployment, and ongoing management, the Xilica x Sennheiser Room Kits include voice-based camera tracking via Xilica technology with any common Pan-Tilt-Zoom (PTZ) camera
